## Family Cruising & Camping Week

**Saturday 19th August to Monday 28th August**

Last camping night Sun 27th August

Don't forget the August camping/caravanning week where members can set up on the land behind the clubhouse, though out of sight of the road. With all the clubhouse facilities available (including electricity for your caravan if you have enough extension cable!) it is a week many enjoy. If you can't come for the week why not for a few days? With no booking or site fees required, what better deal can you find?

## RYA Sailing Courses

**Saturday and Sunday  
9th & 10th September 2017**

For those who want to try sailing or get back into the sport after a number of years away this is an excellent opportunity.

It's also for those who like to improve their sailing at any level

If you would like to know more or to book a place

Contact Rob Wyatt on 01677 450628

## Laser Club Championship

Sunday 24th September 2017

With 3 sets of 2 short races,  
a format proven very  
popular in previous years.

With the first race scheduled for 11.30am,  
if you don't have a Laser  
why not acquire one and join in?

## Club Boats

### Boat Log

Please don't forget to log use of club boats on the sheets in the porch. Your committee need to know which boats are used as we sometimes discuss the size of our fleet and have disposed of boats on occasions.

In addition note any problems. They cannot be corrected if they are not known about. And please make sure you say which boat is involved, especially if it is one of the Toppers.

### Donations

Please, if you use the boats consider contributing to their upkeep.

A suggested donation is £4 Juniors per day

£8 adults per day

If you only use one for a few hours please consider something pro rata.

## Tuck Shop and Drinks

Please don't forget to pay for the sweets, drinks, tea, coffee, etc.
